

Have your project Mastered in a World-Class Studio on a Midwestern-town sized budget!

WHY HAVE YOUR MIXES MASTERED?

There must be a reason that national release CDs are mastered, right?

Mastering is the final 'shine' applied to your mixes... giving them an even EQ and more 'punch' to the sound to help them sound great no matter where they're played. It requires an experienced engineer, a specially designed room, killer monitors and specialized sound-shaping tools.

Think about it, you spent a lot of time, effort and money getting your songs 'just right'. For just a few dollars more you can have that extra 'polish' applied to your mixes.

FREE DEMO!

Send us one song for a FREE DEMO to hear what our Mastering Services can do for your mixes before you spend even one penny.

Call us to schedule your demo today.

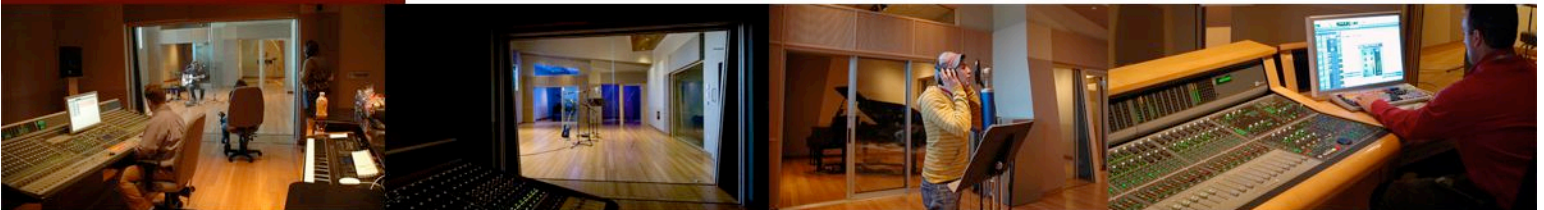

Our high quality, low budget mastering package rate:
only \$500 for up to 50 minutes of finished program.
or \$95 per song for projects with under 30 minutes of finished program.

We will put your songs in the order you specify, match EQ and level of songs, clean up any noticeable audio problems, compress and limit your mixes, add magic and create a final CD Master ready for duplication.

If you want to send us the raw individual tracks of your songs, we can also do the mixes for you (at an additional hourly charge)...

Our experienced staff and hundreds of available EFXplug-ins can really help your mix to "stand out in the crowd".

PLUS, our DiscServices Division can assist you with all of your replication, art design and packaging needs. Call us for a custom quote.
